Congratulations Chairman Nuvangyaoma and Superintendent Begay,

This executed document confirms BIA and Hopi Tribe commitment to include Hopi Schools and the BIA community in a robust regional water system with the capacity to provide safe drinking water and abundant sanitation water to a segment most at risk to chronic long term arsenic exposure.

With your staff's continued diligence the HAMP regional water system will be expanded and extended to serve Hopi schools in 2022.

After decades of previous incomplete MOA attempts, lost ROW approval documents and bureaucratic paralysis your administration now delivers the final major milestone of funding this landmark project.

Kwa kwa,

TIM
